Re: Scholarship Program
2009-2010 School Year (Scholarships for 2010-2011)

Gentlemen,

We are working at the scholarship situation for this year.

Here is the plan to keep the program going.

Please use last year's forms updating them to show the school year of 2010 - 2011, with the following changes.

Show the latest mailing date as March 1, 2010, so that the information arrives by March 15, 2010. This will help with the late announcement.

Change the contact information and address to me.

Ronald Stenzel
